

BUILDING BRIGHTER FUTURES

Recreational Inclusion Program

The YMCA's Social and Recreational Support Program is designed for people with special needs ages 3-21 in Orange County.

We believe that every individual should have the opportunity to access any social and recreational activities in the Orange County community. If your loved one needs support in activities such as swimming, ballet, basketball, art, or another similar recreational activity - then this program is for you! We provide the aide for your loved one to participate in recreational activities you have enrolled them in. Your loved one can experience joy, feel empowered, build valuable life skills, and make new friendships!

- Aide is at no additional cost to you
- Participant must be a member of the Regional Center of Orange County
- The aide provides support service for approximately 1- 3 hours per class/practice/activity

For more information, please contact Danyel McQuinn at
